

Table of Miracles in the Gospels

While I was studying for the document called [Lord Jesus Christ](#), I searched for this type of table but could not find anything close to being complete and accurate. Therefore (with prayer), I created this table. If anyone can show any error in it or any true miracle that I missed, please send an email with the correction. If anyone knows of another source of such a table that is as complete and accurate, please inform me.

I pray that this table is helpful to many people's personal study as they try to compare scripture to scripture and get an accurate understanding of the Bible. Please also see the [Table of Miracles in the New Testament](#) and the [Table of Miracles in the Old Testament](#).
