

We always thank and praise God for His marvelous working and great faithfulness in the ministry in Sipalay City. We have seen how He works in our midst, for saving souls and adding souls in the church in the month of January till June.

Last January till June our total soul saved was 253 souls by God's leading. By God's help we also have 24-35 average attendance during Sunday services, 11-19 Church goes in midweek services and 4 baptized during baptismal service.

And during this months also God opened new ministries and outreach wherein we are able to do extension classes to children with the aid of the young people, discipleship program with 11 average disciples.

By God's help we also had our extension church in "Prhak Suba" where we crossed the river after our Sunday afternoon service in the church until we reached the average attendance of 22-26. Last February we also had our medical mission with 26 souls saved and one revival night with 73 attendance and 23 souls saved hosted by La Carlota Bible Baptist Church. Last June we also started our Feeding Program to barangays at the same time winning this children to Christ.

~~can say~~ This is what God is doing and working in our midst. And we greatly owe you for your prayers and financial support every month. Thank you so much for helping the burdens lighter. You have invested worthily, for God knows the financials you gave us we have given

more of this ministry.
We are always praying that He will bless
you more and this ministry. that we all
keep on fulfilling and obeying what God
wants us to do or what God teaches us
in His word. And this all for His glory
and joy!
Thank you and God bless!

truly yours,
Pastor Joelvin Espartero
missionary in Sipalay
City
